Monroe Succeeds Mobile.

At the meeting of the directors of the Cotton States League, which was held at Meridian yesterday, it was decided to admit Monroe, La., to take the place of Mobile. The guarantee fund was placed at \$200, payable March 1st. The salary limit remains the same, \$1,150 per month for twelve players, including manager. The club will not play on percentage, it having been agreed to make the guarantee of visiting teams to \$40.00. The schedule adopted calls for 120 games, the season opening April 24. Columbus opens at Meridian.

While some amendments to the constitution were adopted, there were no radical changes.

Card to the Public.

I wish to notify my patrons and friends that I sold my blacksmith and repair shop to Mr. Ira T. Gaston, who will continue to conduct the same at my old stand on College street. Mr. Sam Kline will have charge of the shop for him and all shoeing and repairs will be kept up to a high standard. For the next several months I can be found at Mr. Gaston's shop, where I will assist him and will be pleased to receive all monies due me. Thanking you for past favors and soliciting a continuance of same for Mr. Gaston, I am,
Respectfully,
J. M. McQueen.

A SUPPOSITION

Suppose your store house, dwelling, or household goods should have tonight, would not be any more protected by a Fire Insurance Policy?

Suppose your store house, dwelling or household goods should be blown away tonight, would you be amply protected by a Cyclone Policy?

Suppose you should have an accident and be disabled, or partially so, would you be amply protected by an Accident Policy?

Suppose you should have your plate glass broken, would you be amply protected by a Plate Glass Policy?

Suppose you should have some of your valuables stolen by a servant, or your house burglarized, would you be amply protected by a Burglary Policy?

Suppose you should have your store house burned to a good merchant, and his stock should be destroyed by fire and he would be unable to pay his rent, would you be protected against this occurrence by a policy guaranteeing that your rent will be paid as per your contract?

Suppose you should die and the property you have is involved by being mortgaged or otherwise, would your family and loved ones be protected by Life Insurance which will furnish them ready money to pay off the indebtedness?

If any of the above conditions in your case you had best call on the undersigned, who will remove any of these possibilities by writing you a policy to cover all or either of them.

Editor of The Dispatch:

As a subscriber to your valued paper in our town, I thought perhaps a line or two from here might be appreciated by your readers, as many of them have known me for a long time. I was born and raised nine miles from Caledonia (but in Alabama) but gave all the best services of my life to the State of Mississippi in the Confederate army. I enlisted in the spring of 1861 in the Caledonia Rifles, commanded by the late M. M. Rowan of your county, and was in the Twenty-fourth Mississippi regiment under the lamented E. C. Walchall. Therefore, I have many old comrades and friends in Mississippi.

After an absence of sixteen years, I was in your beautiful city last year and felt almost like a stranger, the improvements had been so great. But I still love old Columbus, and have many relatives and friends there. Dr. R. C. Molloy of your city is a near relative, and Dr. D. M. Molloy of Caledonia, is a son of mine.

Now a few words about our own little town and I will quit. Sulligent is a progressive little town of about one thousand inhabitants, in the valley of the Buttahatchie river, on the

Prisco Railroad, and is six miles from the Mississippi State line. It has about twenty stores, a large oil mill in successful operation and saw and planing mill and large lumber mill in course of construction. The railroad is now being graded up the river in the direction of Hamilton, in Marion county, with that place as the terminus. We have fine schools and good churches, and in every way bid fair to become one of the leading towns of West Alabama. Now, Mr. Editor, you can throw this in the fire or do as you please with it. Wishing you and your readers a happy new year! I am, as ever, yours to serve,
B. M. Molloy.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
